June 2017 Newsletter

### **\*\*New sign in board at the gate\*\***

Effective immediately, all members are to sign in at the gate. Please take the time to do so. We will be removing the plate# from the sign in list so it is just your name. Also, membership cards are to be worn while on club grounds. Badges are available at the 50 yard range. Your card will fit inside the badge and can be clipped to your shirt.

## **Changes in Becoming a New Member**

If you are sponsoring someone or thinking of sponsoring someone to become a member at the club, please make sure to pay attention to changes in new membership.

The Board of Directors has made a couple of changes to becoming a new member so we are in line with area clubs and how they induct new members.

The first change is new member applications are to be emailed to the club's email address for the board to review. Once the board has reviewed the application, an interview will be scheduled with the potential new member. Once the interview is complete, the board will approve and pass that application on for orientation. The last step is to come to the next meeting and be voted in by the membership.

The second change is you must be a member for 2 years before sponsoring other members.

If you are wondering what people may do if they do not have a sponsor, we have thought of that as well. If someone doesn't have a sponsor, they must write a letter about themselves and submit that with their application.

Please let us know if you have any questions on the procedure. The application and website has been updated so anyone being directed to our site will have all the new instructions.

## **Volunteer Opportunities**

If you are looking for volunteer opportunities to complete on your own time, please email the club with what you want to sign up for!

1. We need a volunteer to routinely empty trash cans on the ranges so we are not waiting until they are overflowing. Once a month requirement and after cowboy shoots.
2. The screens on our clubhouse doors have tears in them and need to be replaced.
3. We need a volunteer to routinely pick up trash that ends up on the side of the road around our entrance. Even though we did not create the trash, it leaves a bad impression for visitors and we would like to keep this area cleaner moving forward. Once a month requirement.
4. We are in the process of adding an access door to the bathrooms in the clubhouse. Once this is complete, we will need the bathrooms to be routinely cleaned.

# CALENDAR

**Please Note: Ranges are closed whenever an event is scheduled**
